

TCM SERIES | ROCK ULTRA CS-L

The TCM Rock Ultra CS Lightweight gives you the same power and durability but with a lighter feel with its aluminum frame. Built to drive original **Arm Scor 22 TCM 9R cartridge**, it features a **3.62" barrel** with penetrating impact and remarkably light recoil. Add a single stack beveled magwell with **8-round capacity**, **Dovetail mounted with fiber optic front sight** and **LPA MPS1 type adjustable rear sight** with a crisp factory **4- to 6-pound trigger** and you have a well-balanced high velocity target pistol. Includes a skeletonized hammer and trigger with adjustable over travel stop and is fitted with battle ready **G10 grips** and finished with a durable **parkerized coating (black oxide for frame)**. Includes a drop in **9mm accessory barrel** to expand the load options for every target shooter.
